

Producer's Supply Information

Applications

All applications and selection forms available are built into the IZZY system. In the rare situation that your system is down or IZZY is unavailable, please contact our Customer Service Department or your Underwriter for assistance.

SR22's

Our company will file any required SR22's based on our Underwriting Guidelines. We are making arrangements to file electronically where possible (presently SC and VA). Verification can be provided to the customer by printing documentation from the system. If you have any unusual or urgent needs, please contact Customer Service. Remember, when printing the application in IZZY, a copy of an SR-22 will print if one has been requested. While it will not be the usual "pink" color, the insured can take it to the DMV as proof of insurance.

Underwriting Guide

All Underwriting Guides will be posted at www.Omni-Insurance.com

Policy Booklets

As part of your introduction to new customers written with Omni Insurance Company or Omni Indemnity Company, a **Policy Booklet (coverage information) should be hand delivered to the customer at the point of sale.** If any amendments are executed or new booklets deemed necessary at renewal, delivery of the changed documentation will be made by the Company. You can now order the appropriate booklets by clicking the link below: www.omni-insurance.com/webform/order_form.asp and will be taken directly to an automated order form.

All other forms and materials needed are available on the IZZY System and at www.Omni-Insurance.com
