

Attention: Alabama Producers

New Lower Rates Effective February 26, 2009!!

Renewals Effective: March 28, 2009

After a review of the Alabama market, we've decided to reduce our rates to compete on a wider range of risks effective February 26th for new business. ***Rates have been reduced by as much as 8-10% in most territories.*** Due to current economic conditions, we are also **suspending the \$9 installment fee** we have been charging on down payments. If you haven't quoted Omni recently, **NOW** is the time to do so!

These new rates have also been released to the AccuAuto comparative rater and will be available to **ALL subscribers for no additional charge** during the next 90 days. If you use AccuAuto in your agency, please update the rater with Omni's new rates that are now significantly more competitive.

Keep in mind a few other features of our Alabama auto program:

- **Quick On-line Endorsements** - You can make policy endorsements on-line and view your real-time commission statements daily! All policy documents are only a few clicks away on the web.
- **Reinstatement With a Lapse up to 30 Days** – Insureds cancelled for non-payment of premium have 30 days to reinstate their policy with a lapse in coverage, while retaining ALL discounts!
- **One Month Down Payment** - Insureds can pay as little as 16.67% on their down-payment making Omni even more affordable for your insureds!

If you still haven't tried Omni, quote us on your next ten auto risks and see how competitive Omni can be. To review revision details, download the underwriting guide at our web site: www.Omni-Insurance.com.
