

How to Bridge from the ITC Comparative Rater to Izzy Omni Insurance Group – Missouri

How to Setup Omni Bridge to Izzy.

1. Close all Quotes
2. From the Toolbar select – **Edit and Companies**
3. Highlight “Omni Insurance” and “Omni Trumbull” companies– the Rate effective date will show 04/03/07

4. Click **Remove** and you will be prompted “Are you sure you want to delete?”
5. Click **Yes** – to remove the old program and rates
6. Click **Add** to display the Install Company window

7. Select “Turbolink” and Click “List”
8. Check the box Next to “Omni Indemnity” and Click **OK**. This will download the update and return you to the Company Window shown in Step 3.

Update your Producer code to the New Izzy Code

Omni Indemnity should now show the 08/22/2007 Rate effective Date.

9. From the Company List – Highlight “Omni Indemnity” and Click **Properties**.
10. Update the **Producer code** from the old omni producer code to the **New Izzy code**.

Note: Effective 08/22/07 the producer code linked to the Agents Choicepoint account will be changed to the New Izzy producer code. If the Company Properties are not updated to show the New Izzy Producer code, a CP Registration error may occur when attempting to score.

How to Bridge your Quote into Omni’s Izzy Application.

1. From the **Comparison** screen, double-click the on the **OMN** quote.

The breakdown page will be displayed with the Omni quote Details. After selecting the Pay plan and printing the quote.

2. Click **Bridge Icon** – OR **Select Breakdown and Send to Omni Indemnity**. The Izzy Agent/User/Password window will be displayed.

3. Enter your **Izzy UserId** (First Initial & Last Name) **Password** and **AgentId** (New 10 Digit Omni Producer Code)
4. Click **OK**. The information will be retained after the first Bridge is requested.

For Bridge Assistance please call the Omni Helpdesk at 1-866-300-6433 Extension 22551.

For Izzy Producer Code and User/Password assistance - contact Omni Sales at 1 866 300 6433 Extension 29039

5. Click **Bridge** to transfer the Quote data and Log into Izzy.

6. You will be presented with an Omni Page that has the quote number assigned. **Make a Note of the Quote number**.

NOTE: If the Above screen is NOT DISPLAYED – the Bridge was UNSUCCESSFUL.

This can be caused by the HTML encoding settings. The Izzy Bridge supports ‘Western European (Windows)’ or ‘Unicode-UTF8’ encoding.

Go to View – Encoding

Select ‘Western European (Windows)’ or ‘Unicode - UTF8’

Remove the check from Auto-Select and retry the Bridge.

7. Click **Continue** to enter the Izzy application and complete your Quote/Application.
8. Click **Edit** to Review your Quote, and submit the application.
